EDUCATION

Bachelor of Science in
Cybersecurity
Purdue University Global
2023 - Present

Undergraduate
Coursework in
Neuroscience
University of Colorado
Boulder
2020 - 2022

SKILLS

Skills & Experience

Front-End Development	
Information Security	Data Analysis
Responsive Design	Code Review
API Integration	Collaboration
Problem Solving	Cloud Services
Automation Scripting	
Network Security	DevOps Practices
Database Management	

TECHNOLOGIES

Known Coding Languages &
Softwares

Python	SQL	Azure
JavaScript	React	Docker
Linux Systems	HTML	CSS
Node.js	Git	

HOBBIES

- Music
- Programming
- Video Games
- Fitness

LANGUAGES

- English

Professional Summary

Front-End Web Developer with experience creating user-friendly interfaces that boost engagement and satisfaction. Excels in team collaboration, utilizing responsive design and JavaScript frameworks to enhance performance and user experience. Adept at troubleshooting and resolving front-end issues, contributing to increased website traffic and user retention. Experienced in automating processes with Python as well as storing and manipulating data with SQL. Proficient with Docker and Azure; familiar with Kubernetes and AWS.

Experience

Front-End Web Developer

Complex Carbon Co.

Remote

Aug 2023 - Present

- Developed user-friendly interfaces enhancing user engagement and satisfaction.
- Collaborated with design teams to implement responsive and accessible web solutions.
- Utilized JavaScript frameworks to optimize page load times and performance.
- Experience with troubleshooting and resolving front-end issues to ensure a seamless user experience.
- Produced measurable improvements in website traffic and user retention.

Relevant Courses

Bachelor of Science in Cybersecurity

Purdue University Global

2023 - Present

Expected Graduation: Aug 2026

GPA: 4.0

Completed Courses

- IT104 Introduction to Cybersecurity
- IT273 Networking Concepts
- IN203 Networking With Microsoft Technologies
- IT286 Network Security Concepts
- MM212 College Algebra
- MM250 Discrete Mathematics
- IT275 Linux System Administration
- IT244 Python Programming

Courses In Progress

- IN205 Routing and Switching I
- IN206 Routing and Switching II
- IT262 Certified Ethical Hacking I

Certificates

Google Cybersecurity

Coursera

Jun 2023 - Oct 2023
